THE THERMOBALL™

POWERED BY
PRIMALOFT®

FOR ANY CONDITION

Stay warmer on the mountain with the all-weather versatility of a packable ThermoBall insulated jacket that retains loft and warmth, even when wet.

FOR ANY ACTIVITY

Strike the perfect balance of warmth and mobility during your next training session with a streamlined ThermoBall jacket that's insulated for lightweight warmth in all conditions.

STAYS WARM EVEN WHEN WET

ThermoBall is an ultralight, highly compressible synthetic insulation that retains loft and traps heat even when wet.

MEN'S & WOMEN'S THERMOBALL™ ECO JACKET

Choosing a sustainable option shouldn't mean sacrificing performance or limiting your choices. Our Thermoball Eco Collection is our largest line ever of responsibly designed apparel. These styles can still retain your body heat thanks to ThermoBall Eco, a state-of-the-art, 100% recycled insulation. For Spring 2020, the fabric outers of most styles are also 100% recycled, so they'll keep your body warm and your conscience clean.

APEX RISOR

WINDWALL®

WindWall™ fabrics are engineered to greatly reduce the effects of wind chill while providing the flexibility and breathability to stay comfortable without overheating.

WindWall™ soft shell products are engineered in fully Windproof and Wind resistant options. Wind resistant options are the most versatile, enhanced with stretch and reduced external air permeability, both breathable and water resistant, making it ideal for a wide range of activities and weather conditions.

WindWall™ shell products provide lightweight, wind resistant protection that packs small for on-the-go versatility.

WindWall™ fleece products retain the comfort and breathability of traditional fleece, but have been engineered to reduce wind chill for enhanced warmth.

DryVent™ fabrics are engineered to be fully waterproof, windproof and breathable. The outer face of the textile is treated with a durable water repellent finish that helps form droplets and repel water from the surface.

DryVent™ fabrics are engineered in a variety, weights, textures and performance characteristics that allows us to provide maximum protection, performance and comfort.

All **DryVent™** clothing and accessories are fully seam sealed and designed with specific features that are relevant to the user's specific activity needs and conditions.

MEN'S & WOMEN'S RESOLVE 2 JACKET
